Calls from Mather HQ and Building D to Cell Phones

Calls to some cell phones from Mather in Building D may receive a message saying to "dial the 10 digit number including area code".

- This occurs whether the area code is used or not.
- Information Technology Branch (ITB) has contacted vendors to troubleshoot.
- What you should you do:
 - Be certain to use the area code when dialing 916 phone numbers.
 - If the number does not connect, rely on text or email messages.
 - Notifications will be made when the issue is resolved.
 - NOTE - Be certain your desk phone does NOT forward calls to your cell phone, unless it is verified it works from all phones.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES INLAND REGION

- Nothing significant to report.

SITUATION SUMMARY

Cal OES SOUTHERN REGION

Tractor Trailer Fire, Diamond Bar, Los Angeles County, SPILL: 18-0956 (Final)

On 02/11/18 at 1356 hours, the California State Warning Center (CSWC) received reports from Los Angeles County Fire Department and the National Response Center (NRC) that a tractor trailer hauling storage tanks containing liquefied hydrogen caught fire due to unknown causes.

- The semi hauler was hauling 25 “tubes” of hydrogen, each tube contained 50 gallons of liquid compressed hydrogen. The total volume was 1000 lbs.
- The fire has been extinguished. The fire department cooled the tanks with large master streams as some of the cylinders continued to vent gas.
- De-pressure operations began at midnight on 02/11/18 and continued throughout the night.
 - The tanks were de-pressurized one-by-one, taking 30-45 minutes per tank.
 - It was estimated that de-pressurization of the tanks would take an estimated 8 hours to complete.
- On 02/12/18 at 0250 hours, Los Angeles County Sheriff's Department (LASD) notified the Los Angeles County Chief Executive Office, Office of Emergency Management (OEM) Duty Officer that de-pressure operations of the hydrogen tanks went according to plan and quicker than expected.
- Plans for removal of the semi truck are in progress.
- CSWC made notifications per SOP.

Evacuations

- Notices were sent to 2,271 homes.
- As of 0250 hours, per the LASD, mandatory evacuations of 1/4 mile on the south & west side of the incident were cancelled and repopulation took place. Notifications were communicated through LASD's new technology including social media.

Shelters

- Diamond Bar High School, 21400 Pathfinder Rd., Diamond Bar
 - American Red Cross converted this evacuation center into a shelter operation. Shelter Count: 67 (with a possibility for more as de-pressure operations continued)
 - LASD notified American Red Cross regarding the all clear status on the incident.
- Calvary Chapel, 22324 Golden Springs Dr., Diamond Bar
 - This shelter closed on 02/11/18.

Road Closures

- Per the Law Duty Officer (LDO), all evacuations and major road closures were lifted as of 0200 hours.

SITUATION SUMMARY

2018 January Winter Storm – Mud and Debris Flow

Activations

- Santa Barbara County Emergency Operations Center (EOC) is activated at Level 2

Deployments

Santa Barbara County:

- 1 Cal OES Southern Region Acting Regional Administrator (RA)
- 1 Cal OES Southern Region Deputy RA
- 1 Cal OES Southern Region Emergency Services Coordinator (ESC)
- 1 Cal OES Inland Region ESC
- 1 Cal OES Debris Representative

Taskforce

- 1 Cal OES Inland Region – Watershed Taskforce
- 1 Cal OES Southern Region Senior ESC
- 1 Cal OES Debris Representative
- 1 Cal OES Voluntary Agency Liaison (VAL)
- 3 Cal OES Recovery Public Assistance

Ventura County:

WEATHER OF CONCERN

Weather of Concern

- There is a chance of scattered showers across the Southern CA region Monday through Wednesday with rainfall totals of a quarter to a half inch. The greatest amounts will fall south of Point Conception and could include brief periods of heavier rainfall.
 - Any heavier showers may be capable of producing minor mud and debris flows for recent burn areas.

Active Weather Warnings, Watches and Advisories by County:

- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

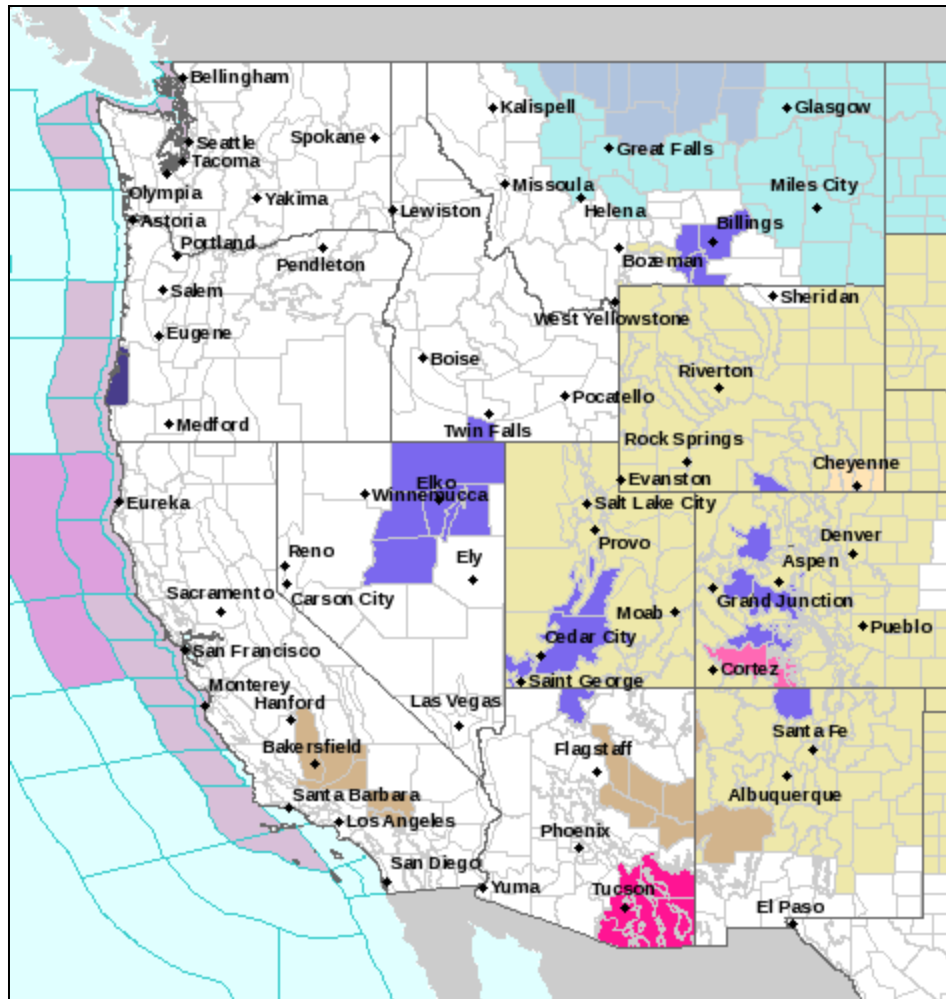

NORTHERN CALIFORNIA

Cooler temperatures this week. A chance of light rain/snow showers over the mountains this morning, Wednesday and Wednesday night and late next weekend. Upper low over the Great Basin with a shortwave dropping down the Sierra Cascade range this morning bringing a few light showers. Snow levels remain quite low at around 3000 feet or less but precipitation amounts are quite light so impacts should remain minimal. Temperatures will remain cooler this week than last week but still come in just a bit above normal for this time of year. A few light showers will remain possible over the northern Sierra through tonight as the upper low continues to dig southward. Surface high pressure building over the Pacific northwest behind the retreating low will bring a tightening northerly gradient across Northern California. This gradient combined with good upper level support will bring breezy north winds to the north state today. At this time expect winds for the most part to remain below wind advisory criteria. Surface gradients and wind speeds should max out this evening then decrease quickly overnight and during the Tuesday morning hours. High pressure pushing in off the Pacific will bring dry conditions and fair skies on Tuesday. Temperatures warm as well on Tuesday to several degrees above normal.

SOUTHERN CALIFORNIA

Much cooler temperatures and a chance of showers will develop today and continue through Wednesday. Warmer and drier conditions are expected the later part of the week. Latest satellite imagery indicated clouds rapidly filling in across much of Los Angeles and Ventura Counties this morning with partly cloudy skies in most other areas. Expect clouds to continue to increase this morning and there will be some light showers developing across L.A. and Ventura Counties this morning. Mainly west of the mountains. As far as winds, the wind advisory for the L.A. County Mountains and the Antelope Valley were allowed to be cancelled as winds have diminished to below thresholds this morning. There will continue to be local gusts to 40 mph across portions of the Antelope Valley including Lake Palmdale area. With the upper low moving overhead, winds should not be an issue over the next few days.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-45219, 02/11/2018, 0915 hrs:** Humboldt County Sheriff's Office (HCSO) reported two persons stranded on Pewetole Island off of the Humboldt coast. HCSO deputies were on scene and could observe the victims, but were unable to reach them due to ocean conditions. HCSO contacted the local US Coast Guard Station and requested USCG helicopter assistance, who in turn requested an OES mission number for tracking purposes. USCG aircraft located and extracted two victims from the island. They were flown to a local hospital for treatment for exposure and a leg injury. **MISSION CLOSED**
- **2018-LAW-45211, 02/10/18, 1500 hours:** The Los Angeles Police Department (LAPD) is requesting resources via the Region I, Regional Mutual Aid Coordinator, Los Angeles County Sheriff's Department (LASD). LAPD is requesting the assistance of the California National Guard (CNG), 9th Civil Support Team (CST) to assist with the security of the 90th Academy Awards Ceremony in Hollywood Division of LAPD. The reporting date and time for the 9th CST is 03/04/18 at 1000 hours. **MISSION ONGOING**
- **2018-LAW-45199, 02/10/18, 1330 hours:** The Yuba County Sheriff's Office requested two tracking canine teams to help locate a missing 70 year old at risk male. He was last observed on a surveillance camera at 0200 hours wearing shorts and a light jacket. The Cal OES Canine Coordinator was notified to provide requested canine resources. **UPDATE 02/11/2018, 1015 hrs:** Canine resources failed to locate the MP and were released at 1900 hrs. YCSO issued a Silver Alert bulletin and is continuing efforts to locate the MP. **UPDATE 02/11/2018, 1500 hrs:** SAR personnel located the MP suffering from exposure and minor injuries in a drainage near railroad tracks approximately three miles from his home. He was transported to the local hospital for examination & treatment. **MISSION CLOSED**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-Southern-44905:** Communications support, Baker to Vegas Annual Challenge Cup, San Bernardino County (Coordinating)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County
- **2017-SOC-44022:** Two E-BAM (air monitors) from Air Resources Board/Office of Emergency Response to monitor smoke from the Thomas Fire. Location one: Olga Reed Elementary School (480 Centennial St., Los Alamos); Location two: Carpinteria City Hall (5775 Carpinteria Ave., Carpinteria) (On Scene)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
